

## Ready Made Blackout Linings

Edmund Bells' quality Blackout linings are a quick way to improve the insulatory and light exclusion properties for both lined and unlined curtains. Easily attached to the existing heading tape on your curtains, they create an instant blackout effect and, like every one of our linings, are made of the best quality fabrics.

| Product Code | Product      | Composition                              | Colours | Size    | Qty/Box    | Notes |
